man send the service

The Tarboro' Southerner. by profession. His sign, painted in Chursday, - - December 19, 1872. straggling, uneven letters; so informed

The Frozen Ship. One serene evening, in the middle of August, 1775, Capt. Warren, the he sallied out with his brush over his have cost about one million of dollars. master of the Greenland whaleship, right shoulder, his pail of whitewash found himself becalmed among an im, in his left hand, and his hat balane d mease number of icebergs in about 77 degrees north latitude. On one side, and within a mile of his vessel, they were of immense height and closely captivating in his working clothes, while George Washington was President and Control of the Contro wedged together, and a succession of how shall I describe him in his evensnow-covered peaks appeared behind ing and Sunday dress-the dress in each other as far as the eye could reach, which he leaned against lami-posts showing that the occan was completely and wore in his hours of relixation? blocked up in that quarter, and that it Dinah Hucklebee was at this time. had probably been so for a long period by common consent, the darkey belle of time. Capt Warren did not feel of Thompson street. Her hair was altogether satisfied with his situation; the kinkiest, her skin the shinker but there being no wind, he could not her teeth the whitest, and her lips move either one way or other, and he the thickest, . Diush was the daughter therefore kept a strict watch, knowing of poor but honest parents. Here aththat he would be safe as long as the er was connected with the peanut in-

icebergs continued in their respective terest, and her mother drank bad gin About midnight, the wind rose to a Therefore, Dinah's exchequer was as gale, accompanied by a thick shower of lean as a church mouse. Her wardsnow with a succession of tremendous robe was not extensive. Her educathundering, grinding, and ora hing tion had been sadly neglected. noises gave fentful evidence that the In the course of Thompson and tee was in motion. The vessel received Sullivan street events, it feel out that violent shocks every moment; but the Caffee Johnson and Dinah Hucklebee haziness in the atmosphere prevented fell in love. Cuffee was an attentive those on board from discovering in lover. He took his Dignly to the what direction the open water Tay, or colored ball-and right here my story if there actually was any at all on Properly commences. ther side of them. The night was There was to be a grand terpsichespent in tacking as causes of danger rean event—the greatest Ethiopian appeared to present itself, and in the sin-dig of the season. The swell moroing the storm abated, and Capt. waiters of the Breadway resturants Warren found, to his great joy, that njury He remarked with surprise high. that the accumulated icebergs, which had on the preceding evening formed an imponetrable barrier, had been separated and disarranged by the wind, put on. and that in one place a canal of open That settled it.

The night came, and Cuffee called

sea wound its course among them as for his Dinah in ample season. His It was two miles beyond the entrance are up was of the most agonizing depearance about roon. The san shone brightly at the time, and a gentle breeze I w from the north. At first some burning tears. intervening icebergs prevented Captain Warren from distinctly seeing anything ter, Duah?" but her masts; but he was struck with . "I c-c-can't g-go," whispered the strange manner in which her sails the sable beauty. were disposed, and with the dismantled "An' why, in the name of common aspect of her yards and rigging. She sense, can't you go?" continued to go before the wind for a few inclones, and then grounding upon Cuffee. Pap promised to get me some

the low irebergs remained motionless, to-day, but he didn't-an' now I c-Capt. Warren's curiosity was so can't g-go." much excited that be immediately leap fired Cuffee's mapbood. ed into his boat with several seamen and rawed towards her. On approaching he observed that her hull was mis- he exclaimed, waving his arms erably weather-heaten and not a soul melodramatic style, "this are a time for action. Wait you here, my Dinah, appeared on the deck, which was covered with snow to a co siderable depth | until I return." He bailed her crew several times, but no answer was returned. Previous to lingless belle in doubt as to his sanity. stepping on board, an open port hole "He's got 'em for sure," she mur mured. "I tole him dat Robinson's near the main chains caught his eye, and, on looking into it, he perceived a whiskey was de wust in de hull ward. man reclining back in a chair, with He's got em for sure." writing materials on a table before him; Wi hin teu minutes, Cuffee return but the feebleness of the light made ed, bearing the implements of his every thing very indistinct. The party trade-a brush and a pail of whites under their unlimited charter, and went on deck, and having removed the | wash. hatchway, which they found closed,

they descended to the cabin. Stick out your feet." They first came to the apartment which Capt. Warren viewed through the port hole. A tremor seized him with a few dexterous brushes by the as he entered it. Its inmate retained artist in lime, they were neatly whites his former position and seemed to be washed. insensible to strangers. He was found "Have long or short?" he paused to to be a corpse, and a green damp mould ask. had covered his cheeks and foreherd, "Bout middlin', Cuffee," was the and veiled his open eye-bal's. He reply. 'Middlin' it is; stand up a second. lay on the table before him, the last There yer are, an' a whiter, cooler, or sentence in whose unfinished page ran better fi tin' pair of stockins no gai ever had,"

"Nov 14, 1762. We have now been cuffeed in the ice seventeen days. Cuffee." The fire went out yesterday, and our | And they went to the ball in spite kindle it again without success. His jelliest company of joly nigs in the wife died this morning. There is no

Capt. Warren and his seamen hur on his invention, but Dinah says if ried from the spot without uttering a she catches him furnishing any other word. The White House at Wash-

Coffee Johnson was a whitewasher ington. The President's Mansion, at Wash the passer-by in Sullivan street. An 9500,000. The decorations, furniture, ington, cost the Government about of his poverty and had clothes. When Of this in llion of dollars, in round num bers, more than one-half, or \$617.107. has been expended during the last elevwhile George Washington was President of the United States. It was long in building, and when Congness removed from Philadelphia to Washington, in 1800, the White House was

in a highly unfinished state.

The White Liouse is not a success n an architectural point of view. It is badly planned and badly executed. especially in the interior, and it is a pity that the British, when they burned the first White House, in 1814, had not also destroyed the plans of the architect, who rebuilt it after the same with ass duity worthy of a better cause. old designs. The house is constructed of Virginia freestone, which is not white, but a dirty brown, and extreme. y porous, so that it has to be kept con tantly covered with a thick coat of white paint, whence, indeed, it derives as name. Even with this the house is excessively damp at certain sensons, with a chronic tendency to mouldiness, It is located in the west end of Washimpton, a mile and a quarter from the Capital, occupies the front of a plat of ground forty acres in extent, which stretches down to the Potomae in the rear of the mansion. The building has a front of one hundred and seventy his stip had not sustained any great excitement in colored society ran the lefty portice in front displays four Ionic columns The East Room (or grand drawing-room of the White House), is a fine apartment, cighty by forty feet, with a ceiling of twenty two feet, and righly furnished, as are also the small rapartments on the first floor, known as the Red, Blue and Green Rooms, familiar to the people of the to this canal that a ship made its appearance about your.
